## Product Description

### Family Blue Double Inflatable Air Tent Waterproof PE Groundsheet

#### Detail

Updated for 2019, the Vango Capri 500xl is a spacious and comfortable five berth tent from Vango, ideal for those wanting a quick-pitching tent with the Airbeam technology. The main features of the Capri 500xl is the large front canopy, which is pre attached to the tent, and uses a fibreglass pole to maintain its stability. The extension is a great place to sit of an evening and is equally vital in protecting the tent from the elements, as it covers the front door. Perfect for family campers or groups wanting a simple to pitch tent, with great living space, standing height and ample sleeping space for up to six people.
